

## A pouch for pets

January 29, 2012

For lovers of (little) pets, the Cuddle 'n Carry Shirt may be barking up just the right tree. The cotton-polyester-blend sweatshirt has a pouch sewn into the inside front of the zippered chest section that lets you keep your animal companion close to your heart - literally. A small dog, cat, ferret, or any creature under 10 pounds that is amenable can snuggle inside with head free to look around at the passing scene. The Cuddle 'n Carry is machine washable and dryable and comes in black, blue, or camel. For an extra fee, you can have the shirt personalized with one or two lines of text, up to eight characters each, so you can identify the occupant or express something witty from the kitty, or whomever.

Cuddle 'n Carry Shirt is \$69.95; \$75.95 personalized with one line of text; \$81.95 with two lines; at [www.cinderooz.com](http://www.cinderooz.com).
